Dear Architectural Review Committee (ARC),

I request the ARC review my request for the following desired project. I understand that I must abide by the spirit, intent, and letter of the Covenants, Conditions, and Restrictions (CC&Rs). I have reviewed the pertinent excerpts of Articles 3, 4, 5 and 6 of the CC&Rs that pertain to my proposed project.

I understand that I must provide: sketches or drawing, material rock or paint samples, and any other information so requested by the ARC in order to obtain approval. I also understand that in most cases I will be required to obtain the proper permit from Pima County or other governmental agency as required by law. I understand that I may **not** proceed with my project unless I receive expressed written consent from the TCCHOA Board of Directors.

For permit requirements, go to www.pimaxpress.com. If a permit is required, a copy of the permit and County approved plans must be submitted to the ARC before proceeding with the project.

I request to make the following changes, improvements, repairs, or upgrades:
